Meeting scheduled 1/27/26 at 10:00am. Applicant has confirmed.

Jacki Byerley

January 27, 2026 at 12:54 pm

When the application is deemed complete and a public hearing is schedule the applicant needs to provide a site plan with parking, child drop off and pick up areas, staff parking, lighting and landscaping. Follow Section 9.3 for district and plan requirements.

Jacki Byerley

February 3, 2026 at 7:53 am

Can be placed on Council agenda for hearing. Submission of site plan and supplemental information as requested at meeting and in this workflow will be necessary as this moves through the hearing process.

Jacki Byerley

February 13, 2026 at 11:37 am

In accordance with the Zoning Ordinance Section 10.8 a Site Plan approval from the Planning Board for a child-care is required. Please apply online at <https://haverhillma.portal.opengov.com/categories/1081>

Jacki Byerley

April 17, 2026 at 3:05 pm

Because the deadline to appear on the May 13 Planning Board agenda for Site Plan Review of the proposed child-care use has passed, that portion of the application cannot be reviewed in time for City Council action on May 19. As a result, the City Council cannot act on the special permit at its May 19 public hearing if it includes the child-care component. However, if the child-care request is removed from the application, the Council may proceed with consideration of the remaining special permit on that date; otherwise, a continuance to a June meeting will be recommended.

Jacki Byerley

May 14, 2026 at 1:54 pm

Applicant has submitted an application with the Planning Board to be reviewed at their July 8th meeting, if Council is inclined to continue this public hearing a suggested date would be July 14th.

The attached certified plot plan shows existing utilities where the addition is proposed, including a catch basin and associated drain line that would need to be removed.

Should the Special Permit be granted Engineering looks forward to the Development Review stage to ensure all applicable codes and standards are met.

Snow storage will be an issue with the lot. Access in and out of the lot with a single entrance and exit will be a safety issue between parking, the play area for the children and dumpster storage and emptying. If the dumpster storage is within 10' of the building a sprinkler system shall need to be designed into the buildings sprinkler system. The children's play area shall require crash protection separating the play area from vehicle traffic in the parking lot.

Dumpster area located in rear corner of the building.

Dumpster must be kept away from the building and meet all other health, fire and building codes.

State will be licensing and inspecting the day care program.
